BOS	Mary Baker Eddy Library Mapparium	http://www.marybakereddylibrary.org/	200 Massachusetts Ave	The mapparium at the Mary Baker Eddy Library is definitely worth a visit. It is a three-story, three-dimensional stained-glass globe that you walk through. The globe surrounds you on all sides and is lit up from the outside. Created in 1935, the mapparium is a fascinating snapshot of the geo-political borders of the early 20th century. I enjoyed the beauty of being surrounded on all sides by stained/painted glass and the amazement of how much the world has changed in just 80 years (one lifetime!). The acoustics of being inside a glass ball were also really fun. There is a small admission fee and tours start every few minutes. While the tours only take 15 minutes, give yourself some extra time to explore the rest of the library. Photos are not permitted in the mapparium, but you can visit their photo gallery here: http://www.marybakereddylibrary.org/exhibits/mapparium . BOS	USS Constitution Museum	http://www.usconstitutionmuseum.org/visit/plan/	The story does not end with Constitution! Visit the Navy Yard Visitor Center's "Serving the Naval Fleet" exhibit to learn about the history of the Charlestown Navy Yard. You can also view the breathtaking exterior of the Commandant's House, one of the Navy Yard's first structures, or take a short walk to the Bunker Hill Monument and Museum.	As the memory and educational voice of USS Constitution, the USS Constitution Museum preserves, displays, and interprets artifacts and archival material related to the Ship and her crew through interactive exhibitions, compelling programs, and engaging outreach initiatives. The Museum was incorporated in 1972 as a private, non-profit and non-government funded interpretive complement to USS Constitution, an active-duty US Navy vessel and the oldest commissioned warship afloat in the world. This allowed the Navy to clear Constitution's decks of display cases so that visitors could see the Ship as a sailing vessel, rather than as a floating museum, and for artifacts to be cared for in proper environmental conditions.	April 1 - October 31 10-5, November 1-March 31 10-5	The Museum has a suggested donation of \$5.00-\$10.00 for Adults, \$3.00-\$5.00 for Children, and \$20.00-\$25.00 for Families. However, any amount is greatly appreciated.

MA	Minuteman Bikeway	http://www.minutemanbikeway.org/Pages/BikewayBasics.html	Bedford, Lexington, Arlington, and Cambridge - Massachusetts ENDPOINTS Alewife Station in Cambridge and Depot Park/South Street in Bedford	11 mile paved path that follows closely that taken at the beginning of the Revolutionary War. The Minuteman Bikeway passes through the historic area where the American Revolution began in April 1775. Today, the Minuteman Bikeway is one of the most popular and successful rail-trails in the United States, enjoyed for both healthy recreation and transportation. The bikeway has become a new type of "Main Street" where neighbors and strangers alike come together while riding, walking, or skating on the path. In 2008, Rails-to-Trails Conservancy inducted the Minuteman Bikeway into the national Rail-Trail Hall of Fame. Built by the Commonwealth of Massachusetts on an inactive railroad right of way, the Minuteman Bikeway has become a treasured regional resource, used by local residents and visitors from near and far. Connecting to the Alewife "T" Station in Cambridge, the bikeway provides an easy way for bicyclists and pedestrians to travel to and from subway and bus lines, serving to reduce automobile traffic in the area. The bikeway is collectively managed and maintained by the four communities it passes through: Bedford, Lexington, Arlington, and Cambridge.	Refreshments and toilets are available at Depot Park in Bedford, Thorneidge Field in Arlington (seasonal outhouses), Lexington Visitor's Center, Alewife Station, and nearby business districts along the bikeway.		Unreserved seating is available on a first-come, first-served basis.

NH	Rye Airfield	http://www.ryeairfield.com/	6 Airfield Road, Rye, NH	Rye Airfield is New England's premiere skate & bike park. Our indoor skatepark was originally designed and built by Jack Murphy Productions (designers of The Gravity Games, Vans Skateparks and the Dew Tour) with the consultation of former Pro Skaters, Dave Duncan, Andy MacDonald and Chris Senn. Over the past decade we have remodeled a handful of times with the most recent phases of design and construction being completed by Brad Jameson and John Saxton of Skidmark Skateparks along with a covert crew of volunteers. Our year round indoor facility has 50,000 square feet and features everything you've dreamed about riding or skating all under one roof. Our outdoor area is more than 100,000 square feet and is a work in progress with wood and dirt features. The ultimate goal is to create an outdoor bike park that offers something for the cross-country mtb rider and the dirt jumping bmx rider.	Summer hours begin 6/20: Monday - Saturday 12-9, Sunday 12-6.
