Tucker Free Library's Summer

# **Fairy Tale Scavenger Hunt**

Find the Fairy Tale picture clues to answer the questions below & earn a token! (Look at the clues, but **please do not touch them**!) Fill out the Activity Form appropriate for your age at www.tuckerfreelibrary.org and click 2nd Token for Completing Scavenger Hunt. You will be notified when to pick up your token.

# 1. Little Red Riding Hood

Enter Azalea Park from the library parking lot and go down hill. Behind the first picnic table find the big pine tree standing alone. In the long crack of the tree, who do you see?

# 2. The Three Billy Goats Gruff

Step onto the covered bridge from the Azalea Park end. Look below the bridge's first wooden X on the right side to find the troll below the horizontal beam. I hope he lets you pass for free! What color does he appear to be?

# 3. Rapunzel

0 00

0

On the large, green lawn in the center of the NEC (New England College) campus look for the big, rocky hill. Climb up to the bell tower. Find Rapunzel on the bottom of the tower—just looking at her flowers. How many are there?

#### 4. Snow White

2.17

0

Past the Town Hall, on the grass between The John Lyons Center and The Currier Center (the old train station) look for a metal sculpture. On the base, there is one dwarf for you to find. What is he holding that could help him in the mine?

## 5. Humpty Dumpty

From the Town Hall, when you come to the stone bridge on the left side walk onto the grass. Follow the back side of the bridge until you find Humpty Dumpty in the wall. Is he pictured before, or after his fall?

#### 6. Peter Pan

Head towards the Community Park on Main St.'s sidewalk and find the streetlight closest to where the white fence begins. Now look up high (behind the parking sign on the streetlight) to see who is flying by?

## 7. Rumpelstiltskin

In the Community Park, walk up to The Angela Robinson Band Stand and then walk left halfway around until you come to where the floor is a point. Stomping must have made Rumpelstiltskin's feet sore. Can you find him under the floor? What color is his beard?

#### 8. Jack and the Beanstalk

On Main St. find the stairs heading down towards the river between the two block buildings. At the first landing look to your right, up at the trunks of the three little trees. It may be because of the heat, but what does Jack have on his feet?

## 9. Hansel and Gretel

Walking away from the covered bridge, follow the dirt road behind the school's

fields. Where the road splits, look straight ahead. There in the grass, see the rocks on the ground. Find the lost children who were so poor. What kind of candy is around the witch's door?

#### 10. Puss in Boots

In the top parking lot of The Henniker Community School, look under the lower left, front corner of the red barn. From there a cat can hear the school bells ring, but Puss in Boots sets off to visit the king. What is he carrying?
